

1st September 2026
Notice of LPG Price Adjustment and Service Updates

Dear Valued Customer,

We remain committed to providing high-quality LPG and dependable service at a fair and reasonable price. However, continued increases in supplier costs require us to revise our pricing. Although we have absorbed these additional costs for as long as practicable, a portion of these increases must now be reflected in our rates.

Here are the new prices, effective 1st October 2026.

Current Rate per Bottle (incl GST)	New Rate per Bottle (incl GST)
\$178.00	\$182.00

The cylinder rental fee remains unchanged at this stage.

[Our Commitment](#)

We understand that price increases are never welcome. Rest assured, we remain dedicated to offering you the best possible value and dependable service that you expect from Eastern Gas and Hire Limited (Rockgas Gore).

[Customer Notification](#)

This notice is particularly important for customers who have not yet provided an email address for communication purposes.

[Postage Invoice Charges](#)

A \$4 charge will now apply to all invoices sent by post. To avoid this fee, please provide us with your email address for electronic invoicing.

While adjusting prices are never great, we want to assure you that we are and will continue to deliver you the best possible value for your LPG.

We realise that the cost of living is increasing, and we are here to collaborate with you the best we can, we accept weekly or fortnightly payments.

Regards,

Justine Abernethy

Owner / Operator Eastern Gas and Hire Limited (Rockgas Gore)
